Bra244. Moat Farm/Burnt House Marsh (6.8 ha) TL 880358

This site is located either side of Moat lane. The western half bisected by an Alder (*Alnus glutinosa*)-lined stream, this site is predominantly planted Cricket Bat Willow (*Salix alba* var. *caerulea*) over areas of wet and dry grassland. Beneath this open canopy, is a marsh dominated by herb and ruderal species. Associated with this site are a number of interesting species including Opposite-leaved Golden-saxifrage (*Chrysosplenium oppositifolium*), Moschatel (*Adoxa moschatellina*), Narrow Buckler Fern (*Dryopteris carthusiana*), Ramsons (*Allium ursinum*), Marsh Marigold (*Caltha palustris*), Greater Bittercress (*Cardamine amara*) and Yellow Archangel (*Lamium galeobdolon*).

To the east of the road, the site displays similar habitats. Under a canopy of Cricket Bat Willow and Alder is a varied ground cover, which includes Moschatel, Ramsons (*Allium ursinum*), Marsh Marigold (*Caltha palustris*), Cuckooflower (*Cardamine pratensis*), Opposite-leaved Golden-saxifrage, Giant Horsetail (*Equisetum telmateia*) and Primrose (*Primula vulgaris*).

Selection Criteria: HCr1(b), HCr2(d)
