

Environmental *pledge*

Help to create a cleaner and greener district by:

Recycling

- I will start home composting
- I will recycle my household rubbish
- I will take my own reusable bags when I go shopping
- I will buy more recycled products

Saving Water

- I will turn the tap off when brushing teeth .
- I will install a water saving device in my cistern
- I will wash the car with a bucket and sponge not a hose or pressure washer
- I will install a water butt
- I will reuse bath or dish water in the garden

Using Sustainable Transport

- I will walk, cycle and use public transport more
- I will car pool with friends or work colleagues when I have to travel by car. . . .

Energy Efficiency

- I will install loft or cavity wall insulation . . .
- I will fit draught excluders to my windows and doors
- I will turn off lights and not leave appliances on standby when not in use
- I will install low energy light bulbs
- I will switch to a green electricity supplier .
- I will use rechargeable batteries
- I will purchase low energy 'A' rated products

Supporting Local Producers

- I will buy locally produced seasonal produce
- I wont buy over-packaged foods.
- I will purchase Fairtrade products.

Improving the Environment

- I will join a local community green project and devote 1/2 a day each month to it
- I will plant a native tree in my garden
- I will create a wildlife habitat in my garden .
- I will plant draught resistant plants and shrubs
