ALL ITEMS SHOWN AS PER
SPECIFICATION OF WORKS

CROSSFALLS:
All surfaces to have a crossfall of 1:80. The crossfall will follow the natural fall of the land to ensure water drains off of the surfacing:
- 1:80 over 2.5m = 30mm
- 1:80 over 1.8m = 23mm

Where the surrounding land is reasonably flat, then the surfacing shall be crowned in the centre by 15mm

Location and extent of existing vegetation is indicative only
