

Bardfield Vineyard

From the picturesque rolling countryside which inspired the works of painter John Constable, to the historic saltmarsh and maritime coast of the Crouch Valley, the Grape & Grain Trail brings together our area's finest independent vineyards, brewers, and distilleries.

Our producers are as diverse as the area itself, each offering something unique in taste and experience. Some of our venues offer tours, tastings and talks; others have onsite restaurants and cafés where you can enjoy a meal while you sample their wares. Some are only open for special events and pre-booked visits.

In this leaflet, you will find contact details for all of the producers participating in the trail. **We recommend that you check with each producer directly to confirm opening times, entrance fees and other information to help you plan your visit.**
