Aircraft Arriving to London Stansted Airport on Runway 22

The radar tracks shown are based on a four-day sample from the 2016 summer period. The tracks are colour-coded according to the height above mean sea level (amsl). Statistics on the numbers of operations relate to fixed-wing aircraft movements for the average 24-hour day, calculated over the 92-day summer period from 16 June to 15 September 2016.

Average daily arrivals
- Percentage of all arrivals: 228
- Days with no arrivals: 0
- Days with <10 arrivals: 5%

Average daily arrivals on Runway 22
- Percentage of Runway 22 arrivals: 99
- Days with no arrivals: 0
- Days with <10 arrivals: 7%

Average daily arrivals for the average 24-hour day
- Percentage of all arrivals: 128
- Days with no arrivals: 0
- Days with <10 arrivals: 5%

The figures have been rounded to the nearest whole number.
