Reference was made to public consultation which had taken place in February and March 2014 on the Pre-Submission Site Allocations and Development Management Plan following its approval by Council on 23rd September 2013.

The report recommended that a number of technical changes should be made to the Plan followed by a further six week public consultation period, before its submission to the Planning Inspectorate for Examination. The report had been recommended to Council for approval by the Local Development Framework Sub-Committee at its meeting on 8th April 2014.

Councillor R Walters, Chairman of the Local Development Framework Sub-Committee, introduced the report and moved that the two recommendations set out within it be approved. The motion was seconded by Councillor Siddall.

Councillor Lady Newton, Cabinet Member for Planning and Property, reported that following the issue of Government Guidance in March 2014 it was apparent that the housing numbers required during the period of the District’s Plan would be higher than currently provided for. In the circumstances, additional information on future housing need and legal and technical advice were being sought. Once this had been received, a report would be presented to the Local Development Framework Sub-Committee and then to full Council in June 2014 recommending how the Local Development Framework process should proceed.
