Subject: Re: submission of housing evidence
Date: 23 July 2020 16:36:47

Dear Emma,

The Inspector would advise the NEAs that in the light of the circumstances they have set out, he agrees to an extension of the deadline for this work until 31 July 2020.

As stated in the Inspector's letter of 2 July 2020 [IED/023], it is likely that he will also seek the views of examination participants on this matter, once he has received and considered the NEAs' statement.

Could the NEAs please publish the email below and my response as NEA/017 on page 4 of the examination website, so that all parties are aware of the new deadline.

Kind regards,

Andrea Copsey

Dear Andrea,

Please can you pass the below on to the Inspector;

Further to the Inspectors request to consider the change to the ONS population projections the NEAs have commissioned their consultants Stantec (formally PBA) to undertake the necessary work. That work has taken longer than expected and due to the nature of some of the issues involved and the need to put forward a detailed and

evidence based response, advice from a further demographer has also been sort.

Unfortunately this additional work has led to a delay in the production of the report and therefore the NEA's would like to request an extension to complete this work for a further week i.e. to have this with the Inspector before the end of the day on Friday 31st July.

We apologise for this delay.

Kind Regards

Emma Goodings
