## 1. Introduction

### 1.1. Background

The Pre-Submission Site Allocation and Development Management Plan identifies sites to meet the Council development requirements over the plan period, and to identify areas which should be protected from unsuitable development.

Sites have been subject to SA/SEA and appraised using a proforma developed taking into account consultation comments from Statutory Consultees at the Scoping Report stage, the findings of the LDF Stakeholder Workshop (Jan 2012), the key issues of the area, and all relevant available information across a range of sustainability criteria. The proforma can be found in Annex C – Sustainability Framework accompanying this report.

The sites have been appraised against social, environmental and economic criteria in the proforma subject to available information. This responds to a desire to assess each site for reasonable and relevant alternative land uses. As such, negative or positive impacts may have been highlighted that are not relevant to the proposed use put forward for the site and should be discounted when considering certain uses and proposals.

Please note that the information used in the appraisal of sites was correct at the time that they were undertaken, and was used as consistently as possible across all sites.

It is acknowledged that some negative and uncertain impacts arising from the appraisal of sites may be addressed and mitigated through Development Management Policies in the Plan. Similarly, no negative impacts identified in the SA/SEA should be taken as a restriction to development, or basis for the rejection of applications. Negative impacts identified in the SA/SEA process are for the purposes of awareness only and can be viewed as issues to be addressed through applications going forward from this point.

Some sites and proposals have come forward and/or have been received by Place Services for appraisal, with an insufficient level of detail to determine certain impacts or an intended use. Never-the-less, these sites have been appraised as consistently and with as much detail as possible within this Annex.

### 1.2. Bulmer

#### 1.2.1. Site: BUL1

Address: Land East of St. Andrews Rise, Bulmer CO10 7TD

Other info: N/A

Sustainability Objective	Key Criteria / Impacts			
1) Create safe environments which improve quality of life and community cohesion	Provision / suitability for community facilities	Crime incidents in past year		Nearest Post Offices
	/	/ 5 incidences		+
2) To provide everyone with the opportunity to live in a decent home	Delivery of affordable housing		Additional capacity in or of care homes	
	/		/	
3) To improve the health of the District's residents and	Distance to nearest GP	Distances to accessible natural greenspace	Loss of recreation (formal / informal), open space, allotments.	Contaminated land

mitigate/reduce potential health inequalities	/		--		+		/	
4) To promote the vitality and viability of all service centres throughout the District	Increase in retail floorspace				Distances to primary shopping area boundaries			
	/				/			
5) To achieve sustainable levels of prosperity and economic growth	Loss of high quality agricultural land (Grades 1 & 2)		Distances to employment sites (B1, B2, B8)		Broadband availability			
			/		ADSL, WBC, LLU DSL broadband enabled			
6) To conserve and enhance the biological and geological diversity of the environment	Distance to SSSI (any condition)	Distance to NNR	Distance to LNR	Distance to LoWS	Distance to Ancient Woodland	Presence of TPOs on site?		
	0	0	0	0	0	0		
7) To promote more sustainable transport choices and uptake	Cycleways		Footpaths		Distance to Bus Stops and Bus Regularity		Distance to Railway Stations and Train Regularity	
	0		/		++			
8) Promote accessibility and ensure the necessary transport infrastructure to support new development	Accessible location?		Rail links?		Highways access			
	/		0		/			
9) To improve the education and skills of the population	Distance to a primary school		Distance to a secondary school		Capacity in nearest primary school to support the size of development		Capacity in nearest secondary school to support the size of development	
	-		-		/ Bulmer St Andrews CofE Primary 75 places		/ Hedingham School 107 places	
10) To maintain and enhance cultural heritage and assets within the District	Impact on Scheduled Monument / Listed Building / Conservation Area / Historic Park or Garden / Archaeology				Protected Lanes (Grade 1 and 2)			
	0				0			
11) To reduce contributions to climatic change	This issue is dealt with in Development Management and Core Strategy Policies which is applicable to all relevant development.							
12) To improve water quality and address water scarcity and sewerage	Groundwater protection zone.				Capacities in sewage network			
	0				0			
13) To reduce the	Flood Zone 2 / Flood Zone 3 (a/b)				Flooding from other sources			

risk of flooding	0			/		
14) To improve air quality	Distance to A12 or A120			Impact on potentially Significant Junction for Air Quality		
	0			0		
15) To maintain and enhance the quality of landscapes and townscapes	Sensitivity to change in the LCA	Greenfield / PDL	Visually Important Space	Country Parks	Landscaping associated with proposals	
	- stour river valley	-	0	0	/	

**1.2.2. Site: BUL2**

Address: Land (works) opposite Blacksmiths Lane, Bulmer Tye CO10 7ED

Other info: PDL, Residential

Sustainability Objective	Key Criteria / Impacts

**1.8.14. Site: EAR22**

Address: CO6 2LG

Other info: Residential

Sustainability Objective	Key Criteria / Impacts			
1) Create safe environments which improve quality of life and community cohesion	Provision / suitability for community facilities	Crime incidents in past year		Nearest Post Offices
	/	/ 67 incidences		+
2) To provide everyone with the opportunity to live in a decent home	Delivery of affordable housing		Additional capacity in or of care homes	
	/ Further information needed		/	
3) To improve the health of the District's residents and mitigate/reduce	Distance to nearest GP	Distances to accessible natural greenspace	Loss of recreation (formal / informal), open space, allotments.	Contaminated land

potential health inequalities	/		-		+		0	
4) To promote the vitality and viability of all service centres throughout the District	Increase in retail floorspace				Distances to primary shopping area boundaries			
	0				/			
5) To achieve sustainable levels of prosperity and economic growth	Loss of high quality agricultural land (Grades 1 & 2)		Distances to employment sites (B1, B2, B8)		Broadband availability			
	0		/		BT Wholesale ADSL, BT Wholesale ADSL Max, BT Wholesale WBC (21CN), TalkTalk (CPW) LLU, Sky Broadband / Easynet LLU			
6) To conserve and enhance the biological and geological diversity of the environment	Distance to SSSI (any condition)	Distance to NNR	Distance to LNR	Distance to LoWS	Distance to Ancient Woodland	Presence of TPOs on site?		
	0	0	0	/	0	0		
7) To promote more sustainable transport choices and uptake	Cycleways		Footpaths		Distance to Bus Stops and Bus Regularity		Distance to Railway Stations and Train Regularity	
	/		/		++		0	
8) Promote accessibility and ensure the necessary transport infrastructure to support new development	Accessible location?		Rail links?		Highways access			
	+		-		/			
9) To improve the education and skills of the population	Distance to a primary school		Distance to a secondary school		Capacity in nearest primary school to support the size of development		Capacity in nearest secondary school to support the size of development	
	+ Some of the site is within 400m		-		/		/	
10) To maintain and enhance cultural heritage and assets within the District	Impact on Scheduled Monument / Listed Building / Conservation Area / Historic Park or Garden / Archaeology				Protected Lanes (Grade 1 and 2)			
	0				0			
11) To reduce contributions to climatic change	This issue is dealt with in Development Management and Core Strategy Policies which is applicable to all relevant development.							
12) To improve water quality and address water scarcity and sewerage	Groundwater protection zone.				Capacities in sewage network
