

Braintree District Council

Potential Open Space Improvements

February 2024

(Formerly known as Open Space Action Plan)

www.braintree.gov.uk

INTRODUCTION

The Potential Open Spaces Improvements – POSI Plan (formerly known as Open Spaces Action Plan – OSAP) sets out a list of outline proposals for the provision and enhancement of open spaces in Braintree District. Its purpose is to demonstrate the need for the provision and enhancement of open spaces and to enable Council officers to demonstrate where financial contributions being sought from developers under the Open Spaces Supplementary Planning Document will be spent.

The proposals are set out in a table which includes schemes identified for Council-owned open spaces, schemes identified by town and parish councils and other proposed open space enhancements for which as yet there are no outline details.

The Plan will be under continuous review and brought back to Members for endorsement annually. The proposals shown are effectively work in hand, requiring a detailed programme of works to be drawn up and, in some cases, master planning and public consultation.

It will inform the work programme of Landscape Services, Parks & Open Spaces and Planning Policy. Because the proposals are reliant on the availability of financial contributions, from grants and public sector resources in addition to Section 106 money, the timing of works will be dictated by the date at which sufficient financial resources are available.

Members are asked to support the programme of enhancements and provision as the basis for negotiating open space planning obligations.

The document is updated annually, producing a new adopted version each year, usually in the spring.

EXPLANATION OF COLUMN HEADINGS

One of the aims we set out to achieve was to make the new Potential Open Spaces Improvements Plan simple and easy to read. To do this we have set out columns with appropriate title headings to make it easier to find information. These columns are as follows:

- Ward – This shows what ward particular sites are in
- Parish – This shows what parish particular sites are in
- 3Words / TL – This shows location information where it has been provided
- Location – This shows the name of the site, where it is and commonly has a GSS number (Shown in brackets)
- Improvements (to existing facilities) – Improvements needed to existing facilities e.g. bins, seating.
- Improvements (new facilities) – Improvements needed that are stand-alone facilities that don't currently exist e.g. changing facilities, play areas, land purchases etc.
- Record – (Of public input) This column is for any input the public have put in e.g. a poll.
- Source – Where the information has come from e.g. Parish Council
- Ownership – Who currently owns the land e.g. BDC Ownership
- Map ref – This column shows what map you can refer to, so you can find the location e.g. Green Spaces Strategy
- Entries in red signify new information
- Pink rows and light grey background - Differentiate between wards

[Please Note – the 'old' Ward / Local Committee Areas noted in the Green Spaces Strategy 2008, are used in this document in relation to open space typologies and deficits, because they cannot be related to the ward boundaries relevant as of May 2015. These areas are noted in parenthesis, and will be updated once the Green Spaces Strategy is replaced and the references within are to current ward boundaries]

Ward	Parish	3Words / TL	Location	Improvements Required	Improvements Required	Record	Source	Ownership	Map Ref
			(ref GSS map)	(to existing facilities)	(new facilities)	(of public input)	(of entry)	(of relevant land)	
Bocking Blackwater	/		Weavers Park (10564)		Outdoor table tennis equipment. Small sided informal (MUGA).	None given	OSAP Version 1 & Essex FA	BDC Ownership	None
			Bocking Blackwater (from A131 to Bradford St including belt adjacent to A131 and two woodlands and linkages)	Tree Planting, art, biodiversity/ habitat creation, information/interpretation boards, cycle parking and signage including for walking/running and KM markers.		None given	OSAP Version 1	BDC Ownership	None
			Fisher Field (10562)	Signage, surfacing, paths/cycleway and cycle parking.		None given	OSAP Version 1	BDC Ownership	None
			John Ray Recreation Ground	Upgrade and improve facilities at the sports ground. Natural grass pitch improvements. Improvements to Changing Pavilion.	New 11v11 Floodlit 3G Football Turf Pitch	None given	BDC Officer. Essex FA	BDC Ownership	None
			Bridport Way Informal Space	Plant native species		None given	OSAP Version 1	BDC Ownership	None
Bocking North	/		Glebe Hall Open Space (60586)	Regeneration, seating, landscaping and planting. Enhancements required to existing equipment and facilities, replacement of benches.		None given	OSAP Version 1	BDC Ownership	Green spaces site location map
			Glebe Wood (60586)	Improve current walkways with a more durable approach including through drainage and banking in order to allow access all year round.	Two legend boards to describe the wildlife in the wood and carved wooden seats (Oak).	None given	Ward Member	BDC Ownership	None
			Sporting 77 field/ Elizabeth II field/ BMX track (40587)	Regeneration, seating, landscaping and planting. Boundary enhancements and enhancements to cope with future development impacts.	A permanent building for a BMX track with space for bike repair, kitchen, conference/classroom to show videos and a second storey area to view the track. Privately owned scout hut in poor state of repair - rebuild and improve changing facilities.	None given	OSAP Version 1 / Sporting 77	BDC Ownership	Green spaces site location map
		Little.asking.mops Asset no: 035	Braintree BMX Track, Deanery Hill, Braintree, Essex, CM7 5BL	The club requires additional parking at the existing site as a minimum. We currently share some parking facilities with Sporting 77 who would also benefit from additional shared parking. Ideally the club would like a piece of land of a suitable size around 3-4ha to allow a National/European size track and facility. Additional fencing is also required at the current site to offer some protection to the users and bystanders of the current facility. If the club is to remain at the site long term the addition of a permanent club house for storage/changing and classroom facilities which would replace our current container based set up would be required. The club would also benefit from the addition of floodlights to allow participation and events throughout the year.		Included in Open spaces action plan April 2022 as “a permanent building for a BMX track with space for bike repair, kitchen, conference/classroom to show videos and a second storey area to view the track”.
